TEAM CCS MAILORDER BURNQUIST

BOB BURNQUIST

HOME: I was born in Rio de Janeiro and grew up in Sao Paulo, Brazil.
AGE: 21
YEARS SKATING: 10-1/2 years
FIRST TRICK: Fakie ollies
LATEST TRICK: Egg plant revert ("Burntwist")
MOTIVATIONS: Fun and progress
FAVORITE TERRAIN TO SKATE: Vert ramps and bowls
FAVORITE PLACE TO TRAVEL: Any place that is new to me and that there is something to skate, surf or snowboard there.
WHOSE SKATEBOARDING DO YOU ADMIRE? Rune Glifberg is my favorite at this point. I also love to watch Jake Brown skate.
MUSIC: Different beats for different moods. I like a lot of different Brazilian tunes, Bossa Nova, Samba and sometimes I enjoy some good hip hop music. Digable Planets, for example.
FAVORITE FOOD: Fruits and salads. Mexican food became one of my favorites after I moved to the United States. There weren't any good Mexican food restaurants in Brazil when I was growing up.

SPONSORS: Anti-Hero skateboards, és shoes, Billabong clothing, Oakley eyewear, Spitfire wheels, Independent trucks, Lucky bearings and CCS Mailorder
THANKS: I guess I can thank my parents for bringing me into this world and then I'll thank my dad again for giving me a skateboard for my 11th birthday. Also a big thank you to anyone that has made me feel good about whatever it is and for those who I made feel good no matter who they are.
Obrigado!!

DECKS come with free grip tape of your choice—see page 29. Decks are available with wood or slick bottoms and come in a variety of sizes, listed with each deck. Wood decks are constructed of 7-ply maple. Slicks have an additional thin layer of plastic on the bottom which allows them to slide easier. Personal preference and experience best determine what size deck you should ride. The decks on pages 8-21 and 35 are good for all types of skating.

BUILD A CUSTOM COMPLETE Step 1—Decks.

Choose any deck from pages 8-21 or 35. Write your choice on the "Custom Complete Skateboard Order" form. The complete price listed under each deck includes premium parts, silver trucks and any wheel. You can upgrade your complete for additional cost—look for the U symbol on pages 22-23, 28, 30 & 33. See pages 34-35 to build your own CCS Brand complete. Next go to Step 2—Trucks on page 23.

TRUCKS

SILVER $16.99 EACH COLORED $18.99 EACH

Trucks come in various heights and widths. Truck axle width should be closely matched to your deck width—or just a little wider. Truck heights only differ by about 1/4". If you use bigger wheels then you should either use higher trucks, risers, or both to avoid wheelbite (contact of wheel with deck).

BUILD A CUSTOM COMPLETE

Step 2—Trucks. Choose any truck from these pages (22-23). Write your choice on the "Custom Complete Skateboard Order" form. The complete price listed under each deck includes silver trucks. You can upgrade your complete with colored trucks for $4. For other complete upgrades at additional cost—look for the ⓤ symbol on pages 28, 30 & 33. Next go to Step 3—Wheels—on page 25.

WHEELS $5.99 each

There are two things to consider when choosing a wheel: the size and the hardness. The size is the diameter (height) measured in millimeters. The hardness is measured using the "A" durometer scale. The higher the number, the harder the wheel . . . the lower, the softer. Most of our wheels are good for street, ramp, and technical skateboarding. For cruising, look for big and soft wheels on page 33.

BUILD A CUSTOM COMPLETE **Step 3—Wheels.** Choose any wheel from pages 24-27, 33, or 35. Write your choice on the "Custom Complete Skateboard Order" form. The complete price listed under each deck includes premium parts, silver trucks and any wheel (except XT Dirt Wheels). Next go to Step 4—Parts Packages—on page 28 **OR** separate included parts—on page 29 & separate upgrade parts—on page 30.

LONGBOARDS / BIG & SOFT WHEELS

Good for cruising and transportation. Big and soft wheels complement longboards by rolling smooth and fast. For best results use extra risers and wider trucks. CCS recommends Independent 156mm, 166mm, 215mm or Mercury 5.75" trucks. Choose a truck with an axle width close to your deck width. To build a complete, follow the instructions on the "Custom Complete Skateboard Order" form.

DECK GRAPHICS, DIMENSIONS & COLORS: Pros frequently come out with new deck graphics or change the dimensions of their deck. If you're set on the specific graphic shown, check with us to see if the pro has changed it. If deck dimensions change slightly (under ½") then we will send you the new shape, but if the shape changes drastically we will inform you of the change. And just to keep things interesting, the graphics and background colors of deck and wheel graphics will vary from one to another.

CLOTHING SIZES & COLORS: Everyone has their own idea of what XL really is. When ordering through the mail, a good rule of thumb is that bigger is better. Solid colored clothing comes in an assortment of colors, so we let you pick. Plaid or striped items may be different than pictured–if so we will pick one for you.

CAN IASC HELP YOU?

INTERNATIONAL ASSOCIATION OF SKATEBOARD COMPANIES

IASC sends along thanks to the 70,000 skateboarders who helped change the world. Over the past two years letters, postcards, faxes and phone calls from skateboarders around the world helped convince California's lawmakers to change the state's liability laws. Is it time to change the laws in your state, or your community? California's new law went into effect on January 1, which means California cities can now build public skateparks — insurance and liability are no longer that big of an issue in California. If you live in California you can look forward to the construction of more than 50 new public skateparks this year.

IASC has been able to help California's skaters, and now, if you live outside California, maybe we can help you too. If you can help us, we'll be able to help you! If you'll do some work on your end, we'll be more efficient on ours —

we need contacts in your community. The names, phone numbers and addresses of your city's or town's officials: Mayor, City Council, City Manager, Parks and Recreation Director, Youth Activity Director, Chief of Police, and State Legislators. The more information you can provide us, the more effective we can be.

So, please, SEND, via the U. S. Mail, or e-mail, the information mentioned above — if you don't know where to start, try your local librarian! Help IASC, and IASC will help you!

SALES AGREEMENT AND RELEASE OF LIABILITY

SALE OF ANY EQUIPMENT IN THIS CATALOG IS EXPRESSLY CONDITIONED ON YOUR (OR, IF YOU ARE A MINOR CHILD, YOUR PARENT OR LEGAL GUARDIAN'S) AGREEMENT TO THE FOLLOWING TERMS AND CONDITIONS. YOU (OR YOUR PARENT OR LEGAL GUARDIAN) ARE REQUIRED TO READ THE FOLLOWING BEFORE PLACING AN ORDER.

I understand that snowboarding and skateboarding can be hazardous activities. I understand that the use of snowboard or skateboard equipment purchased from this catalog involves numerous risks of injury and death. Adverse terrain or weather conditions, poorly maintained equipment, the use of drugs or alcohol, and pushing the limits of one's abilities can increase these risks.

As consideration for the purchase of any equipment from CCS, Inc. by me or my minor children, I HEREBY RELEASE FROM ANY LEGAL LIABILITY CCS, INC., ITS OWNERS, AGENTS AND EMPLOYEES FROM ANY AND ALL LIABILITY FOR DAMAGE AND INJURY OR DEATH TO MYSELF, MY MINOR CHILDREN OR ANY OTHER PERSON OR PROPERTY RESULTING FROM THE SELECTION, ASSEMBLY, MAINTENANCE OR USE OF ANY SUCH EQUIPMENT AND FOR ANY CLAIM BASED UPON NEGLIGENCE, BREACH OF WARRANTY, CONTRACT OR OTHER LEGAL THEORY, ACCEPTING MYSELF THE FULL RESPONSIBILITY FOR ANY AND ALL SUCH DAMAGE, INJURY, OR DEATH WHICH MAY RESULT.

I FURTHER AGREE THAT ANY AND ALL LIABILITY OF CCS, INC., ITS OWNERS, AGENTS AND EMPLOYEES RESULTING FROM THE SELECTION, ASSEMBLY, MAINTENANCE OR USE OF THIS EQUIPMENT SHALL BE LIMITED TO THE PURCHASE PRICE OF ANY SUCH EQUIPMENT. I further agree that any suit or other legal proceeding concerning injury or death from the selection, assembly, maintenance or use of this equipment may be brought only in the courts of San Luis Obispo County, California. I consent to jurisdiction and venue of any such court in any such proceeding.

I have carefully read this Agreement and Release of Liability and fully understand its content. I understand that it provides a comprehensive release of liability as to myself, my minor children (if any) and all others to whom I may furnish the equipment. This Agreement and Release of Liability may not be added to or altered except by written agreement signed by CCS, Inc. It is not intended to assert any claim or defense which applicable law prohibits. The specific rights of the parties may vary from state to state.

SNOWBOARDERS: WARNING! The snowboard equipment you purchase forms part of or all of a snowboard/boot/binding system which is a NON-RELEASE system. This snowboard/boot/binding system does NOT reduce the risk of injury or death. The equipment should always be properly inspected before each use, and should not be used if any parts are worn, damaged, missing or loose.

The photographs we use picture professional skateboarders and snowboarders. The moves and stunts pictured should only be attempted by those with proper training and equipment. Skateboarding and Snowboarding ARE potentially hazardous activities. ALWAYS use common sense when using the equipment in this catalog. To minimize the chance of injury stay within your abilities and ALWAYS wear appropriate safety equipment.

TIPS FOR THE NEW SKATEBOARD OWNER

WATER DAMAGE If you want your skateboard to last, stay out of the water! It will rust your bearings, cause your deck to come apart (delaminate), and eventually destroy your bushings. Avoid wet conditions.

BOARD BREAKAGE The main cause for cracks or breaks is improper foot placement when landing jumps. CCS will not replace broken boards or ones with pressure cracks, so skate smart.

ADJUSTMENTS TO COMPLETES Since the nuts may loosen during shipment, make sure they are secure when you receive your complete. Even though all the hardware is self-locking and should stay snug, check it regularly anyway. Your trucks' king pin nuts should be tightened or loosened to turn to your liking. At first, you may notice that it seems like the trucks stick to one side or that all of the wheels don't touch the ground when you step on your deck. This is due to the new urethane bushings in the trucks. The bushings will take time to break in, depending on the amount of use the trucks receive. Also, wheels should have a slight bit of "play" without being loose.

SKATE SAFELY Don't skate beyond your ability. The skateboarders pictured in this catalog are professionals, and we would make them wear safety gear if we could. Do not follow their bad example. Always wear safety gear and watch for traffic. Safety gear is located on page 36.
